

SECTION MEETING MINUTES

March 18, 2005

Present: Dale Greene, John Yost, Larry Gerlach, Glenn Feveryear, Daniel Feveryear, George Beaver.

The President called the meeting to order at 9:20AM and called for committee reports.

1. *TREASURER*: Larry Gerlach reported that the current balance in the checking account is \$1,934.00. Disbursements since the last meeting were: \$150 to Tony Rossi for 6 months use of his server for the SPAAR website; and \$40 for the NAR Section Charter renewal.
2. *SECTION ADVISOR*: Glenn Feveryear confirmed that he did submit all of the required paperwork to re-new the Charter, and expects it soon.
3. *COMPETITION*: Glenn reminded everyone that RAMTEC is in two weeks [to which the Prez replied "Oh good, then I have 13 days before I have to start building."] He reported that we will not be able to set up the range equipment on Friday night, as usual, but at 7:30AM Saturday.
4. *HIGH POPWER*: Dale Greene reported that there is an HPR launch in Maryland.....sometime soon, he thinks.
5. *WEBMASTER*: To all who do not know, our esteemed Webmaster, Tony Rossi, is getting married soon. Various methods of making us known to his prospective bride were discussed. [Don't worry Tony, we won't *really* do anything. Honest]

OLD BUSINESS:

Range Equipment for RAMTEC: Glenn inventoried the range equipment for use at RAMTEC, doing his best to figure who has what. Speaking of which.....

Trailer Purchase: Larry Gerlach suggested that we decide one way or the other regarding the purchase of the trailer that we looked at on March 6. There was discussion regarding the storage of the trailer; Chris Land has offered to store it on his property, once he modifies his gate to allow it to fit. Since string the trailer at a commercial facility is cost-prohibitive [\$25/mo], Chris' offer will be gratefully accepted! Also, the question of registration was discussed. The trailer cannot be registered in the name of SPAAR, since we are not a 503c3 Not-for-profit type organization. Dale Greene volunteered to have it put in his name.

After discussion, George Beever made a motion, second by Dale Greene, to purchase the trailer contingent upon finding suitable arraignments for its storage. The motion passed unanimously. Thankfully.

NEW BUSINESS:

SPAAR will apply for a sanction to hold a Record Trials on Friday, November 25, in conjunction with our sport launch. This led into a discussion on the fact that long ago, in a galaxy far, far away, when SPAAR began, we have kept our own club performance records, based on NAR events.....and some that we made up. George Beever volunteered to research what the existing club records are and to write an article for the website.

THE GOOD OF THE ORDER:

Dale Greene mentioned that some NAR Sections, NARHAMS in particular, give titles to specific office-holders. To that end, he made a motion that Larry Gerlach, as Treasurer, is referred to ever after as the "Count De Monet", [pronounced Count De Mownay]. Motion passed unanimously and quickly. OK, if you don't get it, go out and rent Mel Brooks "History Of The World, Part I" You see, Harvey Korman plays the part of the Count De Monet, the treasurer of France under Louis XIII [or was it XVI?], and everybody keeps calling him the "Count Da Money", see? Get it? Geez, if we gotta explain it.....
