[Thunderhead@ihs2000.com](mailto:Thunderhead@ihs2000.com)

We are a manufacturer of fiberglass components for the rocket hobby. At the present, we have three items in production. In the future we plan to add many more.

## PRODUCTS

### NOSE CONES

4 inch fiberglass nose cone. Fits PML 3.90 phenolic and polymere airframes and has a 4-1 ogive. No problems with paint adhesion. See Photo on next page.

Part No. PML 3.90 X 4-1  
Price- Plain fiberglass with gel coat- \$30.00  
Primed and ready for paint \$35.00  
Shipping- \$4.00

### SCALE NOSE CONES

Pershing 1a fiberglass nose cone. Fits Estes BT-101. This cone is used to make a recreation of the old Estes kit. This cone also has a longer shoulder than the original. Why spend hours making your own nose cone or paying lots of money for an original kit? See Photo on next page. Please note that the use of this nose cone will make a model that weighs more than the original Estes version. An E30-4 or larger engine is recommended.

Part No. P-101  
Price- Plain fiberglass with gel coat- \$30.00  
Primed and ready for paint- \$35.00  
Shipping- \$4.00

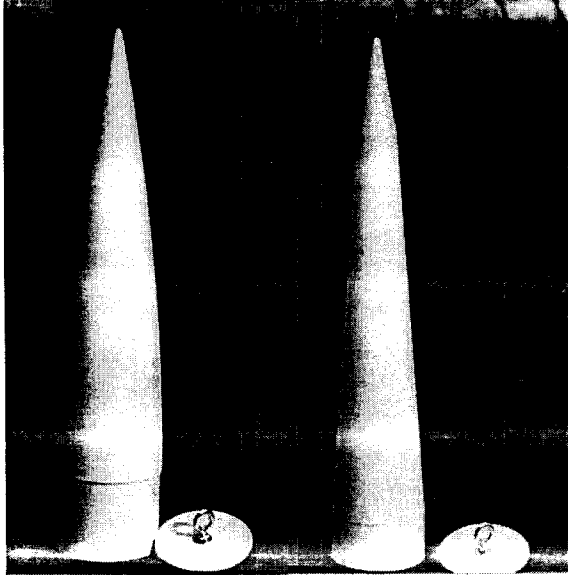

### SCALE FIN SETS

Pershing 1a cast fiber reinforced resin fins. To compliment our 'glass nose cone. Why spend hours making fins from wood and then more time sealing them. This fin set includes 3 upper and 3 lower fins. Only minor finishing required. See Photo on next page. Please note that the use of these fins will make a model that weighs more than the Estes version. An E30-4 or larger engine is recommended.

Part No. PFS  
Price- \$30.00  
Shipping- \$4.00 Free shipping if ordered with Pershing nose cone.
